

Spring/Summer 2020

PANDORA

SOMETHING ABOUT YOU

Hello spring

It's spring and the Pandora Garden is growing! As we shed the winter blues and the seasons refresh, new life emerges. Spring is a time to celebrate the renewal of life around us. With flowers bringing color and the garden of life in full bloom, it brings a refreshing energy and suddenly it feels like the world is full of endless possibilities and new beginnings.

Let this new season of Pandora jewelry tell the world something about you.

Product Information

Pandora Limited Warranty

PANDORA's warranty obligations are limited to the terms set forth below:

Warranty Coverage

PANDORA warrants to original consumer purchasers that all PANDORA products ("Products") purchased through an authorized PANDORA distribution channel, such as a PANDORA store, an authorized multi-brand seller, or the PANDORA eStore or other authorized online seller (list of authorized online sellers can be found at www.pandora.net/en-us/stores/online_retailers), will be free from defects in materials and workmanship under ordinary consumer use for a period of one (1) year from the date of original retail purchase. During this warranty period, if a defect in the Product is identified, and you follow the instructions for returning the Product, PANDORA will either (i) repair the Product using new or refurbished parts, at PANDORA's expense; (ii) replace the Product with a new Product that is equivalent to the Product that is to be replaced; or (iii) refund to you all or part of the original retail purchase price of the Product. PANDORA shall have no obligation to repair, replace or refund until the defective Product is returned to PANDORA. A replacement or repaired Product will assume the remaining warranty of the original Product or a warranty period of ninety (90) days from the date of replacement or repair, whichever period is longer. When a refund or replacement is given, the returned Product becomes PANDORA's property.

Obtaining Warranty Service

To obtain warranty service for your Pandora Product, please contact your local authorized Pandora retailer. You may locate the nearest authorized Pandora retailer at:
<http://www.pandora.net/en-us/stores>.

Alternatively, you may contact Pandora's customer service. Pandora's customer service may be reached by:

- Tel: 410-309-0200; ask for Consumer Affairs
- Fax: 443-766-1956

Please have available the following information: (i) the Product you purchased, (ii) your sales receipt reflecting the date on which you purchased the Product, and (iii) the name of the seller from which you purchased the Product.

Exclusions and Limitations

This warranty applies only to Products purchased through authorized PANDORA distribution channels, unless otherwise prohibited by law. Because

PANDORA cannot vouch for the authenticity of products purchased through unauthorized channels nor the quality control procedures of the retailers in those channels, this warranty is not available for Products purchased from unauthorized sellers. This warranty does not cover lost or stolen items or defects or damage due to normal wear and tear or caused by accident, abuse, misuse, misapplication, or use of non-PANDORA products together with PANDORA Products. Attaching non-PANDORA charms may damage PANDORA bracelets. Stretching of PANDORA chains and bracelets is not considered a defect in materials or workmanship. Do not expose PANDORA Products to harsh chemicals or environments, as they can alter the appearance of the Product. These include, but are not limited to, liquid silver polish, pools, hot tubs, and spas. Please refer to the PRODUCT USE & CARE instructions for additional information on caring for and protecting your PANDORA Product. Failure to follow these instructions may constitute abuse, misuse, or misapplication of your PANDORA Product.

THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THOSE STATED HEREIN. ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. UNDER NO CIRCUMSTANCES SHALL PANDORA BE LIABLE FOR ANY DIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION OR UNDER ANY OTHER LEGAL THEORY. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. NO PANDORA RETAILER, AGENT, OR EMPLOYEE IS AUTHORIZED TO MAKE ANY MODIFICATION, EXTENSION, OR ADDITION TO THIS WARRANTY.

This warranty gives you specific legal rights, and you may also have other rights which vary from State to State. To the extent that such rights cannot be disclaimed under applicable law, this warranty does not affect such rights.

Warranty Effective Date: September 19, 2019

Product Information

Pandora jewelry products are made in Thailand.

The Bracelet

The Pandora bracelet stretches over time as weight (e.g. charms) is put on the bracelet. The chain, commonly called a snake chain, is made out of many little rings which are twisted very tightly into the chain. When buying a new bracelet it should be fairly tight. There should be no more than a thumb-space between your wrist and the bracelet.

Pandora Essence Collection

To preserve the flexibility of the snake-chain bracelet, the charms should be lightly slid onto it and never forcefully pushed. The bracelet's clasp should always be opened to put the bracelet on or take it off. Rolling the bracelet over the hand without opening it will put unnecessary strain on it, which may result in damage. We recommend a maximum of 15-20 ESSENCE charms per bracelet.

Pandora Reflexions™ Collection

To preserve the integrity of the sleek mesh bracelets, we recommend that you clip on a maximum of 5-7 charms.

Compatibility

Remember to wear classic charms, Pandora Me charms and Pandora Reflexions charms only on their respective bracelets, to prevent damage and keep your jewelry under warranty.

Oxidation

Oxidation disappears with time. This is considered normal wear and tear and is not a defect. Things which may cause the oxidation to fade include: perspiration, chlorine, perfumes, cleaning agents, and silver polish. We do not recommend using silver polishing liquid. Oxidized (dark) jewelry does not benefit from being dipped in silver polishing liquid, as it destroys the oxidation.

Enamel

All enamel is Italian made without glass, which makes it more durable.

Cultured Freshwater Pearls

Try to prevent your cultured freshwater pearls from being exposed to water, makeup, creams, chemicals and cleaning agents. Cultured freshwater pearls cannot withstand silver polish. Do not use a silver-polishing cloth as it may dull your pearls. Instead we recommend mild soap mixed with lukewarm water. Use your fingers to gently clean your jewelry. Do not use a brush. Pat dry and lay flat until completely dry.

Leather

Leather is a natural product that will benefit from careful protection. Do not use in water or other liquids that may cause discoloration.

Leather can stretch and relax over time; stretching is not a defect in this product. As a natural feature of genuine leather, you may notice gentle shading and variations in color. You may also experience a change in the shade of the leather due to oils in the skin and the addition of charms to the bracelet or necklace. Use with a maximum of 7-9 charms. When adding charms to the new leather bracelets, please take care to hold the leather bracelet steady and twist the charm onto the bracelet. Be careful not to twist the leather part of the bracelet when adding charms, as the leather may be at risk for being damaged.

Protect your investment: Once you have chosen a style for your Pandora Leather Bracelets, it is best to leave them that way! Leather stretches and can lose shape and color when braided and knotted frequently.

Woven Fabric Choker

The cotton fibers of the choker necklace may change slightly when worn, as with any type of textile, and submerging them in water may damage or discolor them. Therefore, to keep the choker in pristine condition, follow these care instructions: Avoid contact with make-up, creams and perfumes. Put these on beforehand and make sure they're dry before the choker is worn. Do not expose the choker to water and avoid ultrasonic cleaning. The sterling silver parts should be polished and cleaned according to the standard Pandora guidelines for sterling silver.

Product Use & Care

1. How should I care for my Pandora Jewelry?

We recommend that customers remove jewelry before going to bed or participating in physical activity. Exposure to certain harsh chemicals or environments will result in compromising the integrity of your jewelry. This includes, but is not limited to the following: perspiration, perfumes, cleaning agents, chlorine, salt water, and silver polish. Quick tip: Make sure your jewelry is the last thing you put on and the first thing you take off.

2. How should I clean my Pandora Jewelry?

Pour a small amount of mild soap into lukewarm water and use a small, soft toothbrush to clean your jewelry. Toothbrushes are ideal for cleaning jewelry with intricate details, which can otherwise be difficult to clean. If the dirt is hard to remove, soak the jewelry in clean water. This particular cleaning method should not be used to clean jewelry with cultured freshwater pearls (see Cultured Freshwater Pearls for more details).

POLISH frequently with a soft polishing cloth to maintain the shine. A polishing cloth won't remove scratches, so it's important that you protect your jewelry as we mention. You can purchase polishing cloths and care kits from your local Pandora store.

SHADE freshwater cultured pearls and leather from direct sunlight or strong lighting for long periods of time, to prevent fading.

HANDLE jewelry with love and care, especially freshwater cultured pearls, mother of pearl, glass charms and charms made entirely of a stone (with a metal core). Be extra careful not to drop them on the floor or knock them against hard surfaces as this could hurt their delicate structures.

REMOVE jewelry prior to swimming, bathing and doing sports or other physical activity.

LIMIT CONTACT with make-up, creams, perfume and lotions.

AVOID silver dips, polishing liquids, ultrasonic cleaning and strong chemicals.

TAKE CARE of the hidden silicone grips that some designs feature to keep jewelry fixed in perfect position. They are sensitive, so don't

use the dips and chemicals we mention above or expose them to extreme hot or cold temperatures. This could weaken the silicone's gripping ability.

GET AN ANNUAL SERVICE: If you wear your jewelry a lot, it's a good idea to take it to a goldsmith at least once a year so they can check the clasps, mountings and soldered details.

3. How should I clean my Pandora leather?

For leather: For daily cleaning, simply wipe the leather gently with a soft, dry cloth. Stains should be removed immediately before they soak in or dry – use a mild professional cleaner (without chemicals) or a mild soap such as soap flakes or saddle soap. Create suds in a bowl and apply the suds to a soft, lint-free cloth, then wipe the leather. Afterwards, wipe the leather with a dry cloth and add a leather conditioner to protect it further. Remember to keep leather out of direct sunlight.

4. How should I clean my jewelry with Cultured Freshwater Pearls?

Cultured freshwater pearls cannot withstand silver polish. Do not use a silver-polishing cloth as it may dull your pearls. Instead we recommend mild soap mixed with lukewarm water. Use your fingers to gently clean your jewelry. Do not use a brush. Pat dry and lay flat until completely dry.

Your authorized Pandora retailer is happy to offer jewelry cleaning services tailored especially for your Pandora products.

5. How should I store my Pandora Jewelry?

Your Pandora Jewelry should be stored away from natural sunlight and heat, in a protective (lined) jewelry box or a tarnish-resistant pouch (not currently available in all Pandora stores. Please see retailer for more detail). It can also be stored in a plastic zip lock bag made of Mylar or polyethylene. Never use polyvinyl plastic bags, such as bin liners as they contain sulphur compounds, which will make sterling silver tarnish faster. Do not store your jewelry in the bathroom.

Please note that our Pandora gift boxes are not made for long-term storage as they are not airtight.

Product Use & Care

Pandora Rose™

1. What is Pandora Rose™?

Our new Pandora Rose™ Collection features best-selling classics as well as exciting new designs crafted in a unique metal blend: Pandora Rose™. Browse the Pandora Rose™ Collection here.

2. Is it Rose Gold?

No, the unique Pandora metal blend consists mainly of copper and silver. The jewelry pieces are encased in a layer of 14kt rose gold plating in order to prevent oxidation from occurring and to provide the pieces with a warm and romantic pink color.

3. How do I clean my Pandora Rose™ Jewelry?

These innovative products deserve special care. Maintain the beautiful shine and unique finish by polishing Pandora Rose™ products with a chemical free soft cloth. Dampen the cloth in lukewarm water, adding a small amount of mild soap, and rub gently on jewelry. Rinse with clean water and pat dry with a soft cloth.

If jewelry is particularly dirty, soak for 5 to 10 minutes. Use of silver polishing liquids, silver dips, ultrasonic cleaning and a tumbler should be avoided.

Pandora polishing cloths with cleaning compound are not recommended for Pandora Rose™ jewelry. Do not expose the jewelry to harsh chemicals, perfumes, lotions, and remove jewelry prior to bathing or swimming.

Please note that the warm pink-hued color may intensify with age due to tarnishing, adding to the jewelry's beautiful, vintage appeal. It is normal for the finishing to wear off over time. Pandora's warranty does not cover this wear and tear.

Pandora Shine™

1. What is Pandora Shine™?

Pandora Shine™ is crafted from a unique metal blend and encased in a layer of 18k gold plating. Made with the same high-quality craftsmanship standards as other Pandora collections, the new Pandora Shine™ jewelry is brought to life with a combination of electroplating – a traditional artisan technique – and modern technology

that sees a unique metal blend core coated with palladium, before being topped with a final layer of deep, rich 18k gold.

2. Is gold-plated real gold?

Yes – gold plating means that a layer of genuine gold has been coated on top of a different metal.

3. Does gold-plated jewelry fade?

While the exact life expectancy of gold plating depends on how the jewelry is treated, the 18k gold plating on Pandora Shine™ jewelry will last for many years provided the care instructions are followed.

4. How long does gold-plated jewelry last?

With proper care and maintenance, the plating will last a long time. However, it is impossible to put an exact time on this, as it depends on how the jewelry is worn and the care exhibited. Typically, jewelry pieces such as rings and charms are subjected to more wear and tear than earrings and necklaces, so the plating may naturally wear off faster on these items.

5. How do I clean Pandora Shine™?

Polish frequently with a soft polishing cloth to maintain the shine. Clean with a soft brush and soapy water or a jewelry cleaner suitable for plated jewelry. Store jewelry separately and keep it away from abrasive surfaces. Remove prior to swimming bathing and doing sports. Limit Contact with make-up, creams, perfume and lotions. Avoid silver dips, polishing liquids, ultrasonic cleaning and strong chemicals.

Measuring your bracelet

Wrap a tape measure tightly around where your wrist is broadest and add 1 inch to the measurement. Next, find the closest bracelet size. Some customers prefer to roll the bracelet over the hand. When measuring for a bracelet that will roll across the hand, measure tightly where your hand is the broadest.
